

Advancing Biology-Inspired Engineering

2017 Annual Conference

March 30 - April 1, 2017 | Salt Lake City, Utah

Journal of Biological Engineering

Publication of the Year (2016)

End-to-end automated microfluidic
platform for synthetic biology: from
design to functional analysis

Gregory Linshiz, Erik Jensen, Nina Stawski, Changhao
Bi, Nick Elsbree, Hong Jiao, Jungkyu Kim, Richard
Mathies, Jay D. Keasling, and Nathan J. Hillson

Journal of Biological Engineering, 10:3, 2016
