

Jerome A. Gilbert

Jerome A. Gilbert is elected to grade of FELLOW of the Institute of Biological Engineering. As a charter member and former president of IBE, Dr. Gilbert supported expansion of the Institute and helped increase activities focused on student competitions. Academically, he is known for leadership in biological engineering as a teacher and administrator. His notable research contributions to the field of biological engineering are in the area of bone biomechanics.

An IBE FELLOW has a recognizable and demonstrable record of unusual and exceptional achievement and accomplishment in a specific sector of Biological Engineering. Their achievement and accomplishment advance the profession of Biological Engineering.

The Institute of Biological Engineering encourages inquiry, application and interest in biological engineering in the broadest and most liberal manner and reaches out to engineers, scientists and professionals internationally to advance Biology-Inspired Engineering.

Presented at the
2008 IBE Annual Meeting
Chapel Hill, NC
March 8, 2008

Christina D. Smolke
IBE President
