Arthur T. Johnson

Arthur T. Johnson is elected to grade of FELLOW of the Institute of Biological Engineering. As a charter member and second President of IBE, Dr. Johnson has served the society with dedication and passion. He has pioneered new approaches to teaching Biological Engineering topics and is widely known for his promotion of Biological Engineering. His research in respiratory protection, pulmonary function testing, and exercise biomechanics has been recognized as unique and valuable.

An IBE FELLOW has a recognizable and demonstrable record of unusual and exceptional. achievement and accomplishment in a specific sector of Biological Engineering. Their achievement and accomplishment advance the profession of Biological Engineering.

The Institute of Biological Engineering encourages inquiry, application and interest in biological engineering in the broadest and most liberal manner and reaches out to engineers, scientists and professionals internationally to advance Biology-Inspired Engineering.

Presented at the
2009 IBE Annual Meeting
Santa Clara, CA
March 21, 2009

Christina D. Smolke
IBE President
