

FELLOW

Mark A. Eiteman

Mark A. Eiteman is elected to grade of FELLOW of the Institute of Biological Engineering. As a founding member and first Secretary of IBE, Dr. Eiteman was instrumental in bringing early guidance to the vision of the Institute. His leadership in and dedication to the creation of quality publications which reflect the diversity of biological engineering have elevated the prestige of IBE. Dr. Eiteman is recognized for his many research contributions in the area of microbial process engineering.

An IBE FELLOW has a recognizable and demonstrable record of unusual and exceptional achievement and accomplishment in a specific sector of Biological Engineering. Their achievement and accomplishment advance the profession of Biological Engineering.

The Institute of Biological Engineering encourages inquiry, application and interest in biological engineering in the broadest and most liberal manner and reaches out to engineers, scientists and professionals internationally to advance Biology-Inspired Engineering.
