

# Institute of Biological Engineering (IBE): A Society for the Advancement of *Biology-Inspired* Engineering

Biology is the golden science of the 21st century and Biology-Inspired Engineering - Biological Engineering - advances the promise of providing solutions for problems of food, health, and energy while sustaining Earth's natural resources.

**By Joining IBE, members will have the opportunity to:**

- Receive reduced charges for publishing in the *Journal of Biological Engineering*
- Receive reduced registration fee at IBE Annual Meetings
- Volunteer, propose and lead programs and recruit students
- Organize local IBE Chapters and support student leadership activities
- Network at IBE Meetings

IBE dues are only \$110, \$300 or \$500 for a 1-year, 3-year or 5-year membership, respectively. Membership can begin on January 1, May 1, or September 1.

**SPECIAL  
OFFER:**

Receive  
One-Year Free  
Membership  
When You  
Recruit Two  
IBE Members
