

Yanbin Li

Yanbin Li is elected to grade of FELLOW of the Institute of Biological Engineering. As a charter member of IBE, Dr. Li has supported and promoted IBE at various venues and activities. Dr. Li is recognized as a world leader in the development of portable biosensors for rapid detection of pathogen bacteria and virus at low concentrations.

An IBE FELLOW has a recognizable and demonstrable record of unusual and exceptional achievement and accomplishment in a specific sector of Biological Engineering. Their achievement and accomplishment advance the profession of Biological Engineering.

The Institute of Biological Engineering encourages inquiry, application and interest in biological engineering in the broadest and most liberal manner and reaches out to engineers, scientists and professionals internationally to advance Biology-Inspired Engineering.

Presented at the
2018 IBE Annual Meeting
Norfolk, VA
April 7, 2018

David Jones
IBE President
